

10th Anniversary

DEVELOPMENTS IN URETEROSCOPIC STONE TREATMENT SYMPOSIUM

AUGUST 14-16, 2025

COURSE DIRECTORS
Dr. Khurshid Ghani
& Dr. William Roberts

INTERCONTINENTAL CHICAGO MAGNIFICENT MILE • CHICAGO, ILLINOIS

WHY ATTEND?

BOUTIQUE, HIGH-IMPACT FORMAT

Intimate sessions designed to maximize interaction and peer-to-peer learning.

DISTINGUISHED FACULTY LINEUP

Engage with top thought-leaders from around the globe who are shaping the future of stone management.

HANDS-ON SKILLS COURSE

Master "Dusting" with next-generation holmium lasers—ablate stones into sub-millimeter fragments on bench models.

SEMI-LIVE & CASE-BASED LEARNING

Review pre-recorded OR cases with faculty commentary, then apply techniques yourself under expert guidance.

LATEST TECHNOLOGY SHOWCASES

Explore the newest digital ureteroscopes, laser fibers, and ancillary devices in dedicated demo stations.

EXPANDED ENDOUROLOGY TRACKS

Dive into mini-PCNL, supine PCNL, and endoscopic combined intrarenal surgery with hands-on stations and faculty-led discussions.

10-YEAR ANNIVERSARY CELEBRATIONS

Special sessions, networking receptions, and surprises to mark a decade of innovation in ureteroscopic stone treatment.
